How to handle 18 year old registration:

- Remember: all people who come to camp are called campers.
- All 18 year old and older campers must register as an adult. Obviously, this creates a situation when you are registering your group where you don't completely know who will be 18 when Camp Day arrives. We would like for you to include all campers who will be attending camp as a student in your student number when you register. This will include your 18 year olds. As your 18 year old campers register individually, HLC staff will transfer student spots to adult spots. Initially, they will be waitlisted until we internally make the adjustment. Make sure you communicate to any camper who will be 18 on Camp Day to register as an adult even if at the time they register they are 17 years old. All 18 year old campers must complete Child Protection Training and have a Background Check.
